# UNIVERSITY LIBRARY
## NEWS & UPDATES

*(As of 05 May 2020)*

## RESOURCES

### NEW FREE TRIALS

**IGI Global Database** *(**Access**: The trial runs through until June 23, 2020)*

IGI Global is a leading international academic publisher committed to facilitating the discovery of pioneering research that enhances and expands the body of knowledge available to the research community. Working in close collaboration with expert researchers and professionals worldwide, IGI Global disseminates vetted quality content within 11 core subject areas, including Business and Management; Computer Science and Information Technology; Education; Environment and Agriculture; Government and Law; Library and Information Science; Media and Communications; Medicine and Healthcare; Science and Engineering; Security and Forensics; and Social Sciences and Humanities.

*Note: This is an IP-based database. Connection authentication is required, either by using the UPM network (on-campus) or the Virtual Private Network (off-campus). If you don't have the VPN app yet. Please click **here** for a full installation guide.*

---

**Lippincott Procedures** *(**Access:** The trial runs through until June 30, 2020)*

The database provides detailed descriptions of procedures in a program that allows users to identify the procedure they need quickly and easily. Users can scroll through an alphabetical list, browse by discipline, category, or subcategory, or perform a search to identify a particular procedure. Each entry provides complete instructions, including the equipment needed, preparation guidelines, implementation steps, special considerations, patient teaching information, documentation, and references. Video clips are included to clarify complex procedures. Each procedure is linked with at least one quick list. Quick lists provide a quick, less-detailed version of a procedure when only an overview is needed. Managers can use the program as an integrated system for assessing and tracking staff competency.

*Note: This is an IP-based database. Connection authentication is required, either by using the UPM network (on-campus) or the Virtual Private Network (off-campus). If you don't have the VPN app yet. Please click **here** for a full installation guide.*

## PUBLICATION

**NTTCHP's Theses and Dissertation Abstracts (1979-2019)**

NTTCHP Library c/o Ms. Marietta M. Buela released a compilation of abstracts from 1979 to 2019 in pdf format.
